SCHOOL BOARD.

At the monthly meeting of the City School Board, held last night, there were present: Messrs. Thompson, Yates, Stabler, Bradshaw, Thomson, Ramsay, Eother, Meyers, Dr. Smith and the Superintendent.

In the absence of the chairman, Mr. L. H. Thompson presided.
Mr. Stabler, from the committee on school houses and furniture, reported that the estimates and specifications for the work to be done at Washington building had not been completed by the City Engineer, who, however, would submit them at an early day.

Several bills for supplies, etc., were approved and ordered to be paid.

Mr. Stabler reported that the desks and seats in one of the rooms in the building were unsuitable for the small children in that room by reason of their being too high, and the chairman of the schoolhouses committee was directed to secure estimates for new desks and seats for that room.

The Superintendent reported that in accordance with the instructions of the board the schools had been closed for the summer vacation as follows: Washington school on June 16, Lee on June 17, and Snowden and Halliwell on June 20. He then read his report of the working of the schools for the month of June showing them to have been in good condition at the end of the school term. He also submitted his annual report showing the management of the schools during the year, what had been done in the way of improvement, etc.; what was needed, and recommended the introduction of manual training in the white boys school.

The resignation of Mrs. Sophie Bowie Wolf as a teacher was received and accepted with regret by the board.

A communication from a teacher requesting an increase of salary was read and referred to the finance committee.

The election of teachers for the next term, set for the July meeting, was postponed till the August meeting. In answer to an inquiry, the Superintendent stated that he had received 41 new applications from persons who wished to become teachers in the Alexandria schools.

Mr. Thompson, from the finance committee, reported that the City Treasurer's account with the board had been examined by the committee and found to be correct. He then presented the report, accompanied by the proper vouchers, which showed receipts of \$24,803.51 and expenditures of \$24,803.27, which with the deficit of \$329.08 of last year, showed an indebtedness to the City Treasurer of \$1,308.84. The report was accepted and the clerk was directed to certify to the correctness of the same to the proper authorities in Richmond.

The clerk then submitted his annual report of the receipts and expenses of the board, showing the same figures as those given above, which was received and accepted.

The clerk submitted the result of the census taken of children between the ages of 7 and 20 years, which showed a material falling off since the census of 1905.

The board, after a general discussion as to the finances of the board, then adjourned.

EXCURSIONS.

The Civic Improvement League have arranged that today should be Alexandria Day at Marshall Hall—there has been no doubt in the minds of Alexandrians as to where they might spend a most delightful day and numbers from both this city and Washington went down on the morning boat—the crowd being still further augmented by those who left in the afternoon.

Others have made arrangements to go on the boat this evening which leaves at 7 o'clock.

Although the sale of tickets has been most general and almost every one has arranged to go those who have not yet procured their tickets may purchase them at the wharf and by going on this first excursion of the Civic Improvement League secure for themselves a most enjoyable evening.

Alexandria Lodge No. 758, B. P. O. Elks will give an excursion to Marshall Hall next Monday. Several interesting attractions have been provided and many are anticipating the excursion with pleasure. Boats will leave foot of King street at 10:30 a. m., 3 and 7 p. m.

REASON FOR DELAY.

Mr. N. S. Greenaway, clerk of the Corporation Court, today received a letter from Mr. J. B. Wood, superintendent of the penitentiary in Richmond, giving his reasons for delay in sending guards to this city for several men who have been sentenced to serve terms in the state's prison. The superintendent says he is waiting on the State Board of Health which is under the impression that smallpox exists in the Alexandria jail. He expects to be able to send for the prisoners during the next few days. It is needless to say that there are no cases of smallpox in the jail in this city.

DEMURRER TO EVIDENCE.

In the Circuit Court for Alexandria county yesterday in the case of Groves, admin., vs. Washington-Southern Railway Co., to which allusion was made in the Gazette, there was a demurrer to the evidence which will be argued before Judge Thornton in this city on July 30. No judgment can be entered in favor of either party till he decides the case.

NAMES OF STREETS.

Several years ago it was suggested by the Gazette that the time had come to replace the names of streets on the corners of all thoroughfares. In the olden times these small signs were the guide posts of strangers who visited Alexandria. They are now as scarce as sea serpents from the fact that most corner buildings have been demolished during the past half a century and new structures occupy their sites. These are minus the ante bellum legends. This matter was again brought to mind this morning when a young man, a stranger, with a bewildered look, stood on the northeast corner of King and Washington streets and requested a passer-by to direct him to Washington street. The Civic Improvement League has recently been engaged in the commendable work of inspiring tidiness in all people in the community, and today an excursion is being given for the purpose of raising funds with which to improve conditions at the almshouse. This association may act on the above hint and take steps toward accelerating a movement which was started in Council some time ago looking to the placing of the names of thoroughfares on the corners thereof.

ALEXANDRIAN WINS.

At the annual meet of the Ottawa Valley, Canada, Motor Car Association a few days ago, the flexibility test race was won by Mr. Eddie Emerson, son of Mr. Victor L. Emerson, of Alexandria. The professional quick stop was won by Mr. Emerson. He also won first and second in the exact speed contest for professionals. The flexibility race called for one mile fast and one mile slow; Mr. Emerson taking the first and J. H. Martin the second. J. H. Martin in a Packard gave the best speed exhibition of the day, he doing the mile in 1:35 3-5, which is remarkably good when one takes into consideration the track and the conditions. Raoul Mousseau in an Oldsmobile was second with 1:36 4-5, Emerson doing it in 1:38. Mr. Emerson, in all, won five firsts and several seconds, handsome cups and shields being added to his collection of championship trophies, which is already large.

CASE CONTINUED.

Eight negroes were to have been arraigned before Justice Dalbert at the Alexandria county courthouse today, one on the charge of assault and battery on Frank D. Scott, Battery D, 3d Field Artillery, U. S. A., stationed at Fort Myer, and the others on charges of drunk and disorderly conduct and stoning a Washington. Arlington and Falls Church car at 8:50 o'clock Tuesday night. The circumstances in connection with the row, which is said to have been caused by the result of the prize fight, have been published in the Gazette. The trial of the accused was postponed today owing to the serious condition of Scott.

The remains were subsequently brought to this city for interment. The services in this city were conducted by Rev. Mr. Poissal and the interment was in the Presbyterian cemetery.

The funeral services of the late Miss Miriam Weston were conducted in St. Paul's Church this afternoon. Rev. P. P. Phillips, officiated. The remains were subsequently forwarded to Congaree, S. C., where they will be interred.

PRISONERS IN JAIL.

There are a number of persons in the Alexandria county jail who have been tried and sentenced to several years confinement in the state penitentiary, but for some unknown reason the state superintendent has not sent for the prisoners. Governor Mann has been written to in regard to the unjustness in keeping them so long here. The only excuse was that some of them had smallpox but there has been shown a clean bill of health the past six weeks. —[County Monitor.]

COMPROMISE.

The Catholic University of America at Washington will recover \$350,000 from the bankrupt estate of the late Thomas E. Waggaman, its former treasurer, who owed the institution \$900,000, when he was adjudged bankrupt in 1904. A compromise to this end was reached with H. Rosier Dulany, trustee for the bankrupt, and Justice Stafford of the District Supreme Court today ordered the ratification of the agreement unless the other creditors of Waggaman on July 20 show cause why the terms should not be accepted. John F. Waggaman, brother of the deceased, is party to an agreement with the trustees by which he surrenders claims amounting to \$250,000 to the general creditors of his brother.

The Strike of the Garment Workers.
New York, July 8.—Whether or not there is to be a speedy settlement of the strike of the New York Garment Workers, which involves 50,000 men and women, was expected to be determined at this afternoon's conference of the manufacturers.

The employers are badly divided. Many want to settle the strike on the best terms available because they are great loss on rush orders now on hand. Others—and they are for the most part the makers of the poorer grades—are opposed to this, saying that if they grant the demands of their former employees they will be forced into bankruptcy.

RECEIVERS FOR NEWSPAPER.

Judge Court, of the United States Circuit Court, in Boston yesterday afternoon appointed John Norris and Charles F. Weed receivers of the Boston Herald Company. Mr. Norris is an officer of the American Newspaper Publishers' Association, and, it is understood, he will manage the concern, there being no intimation that publication of either the morning, evening, or Sunday issues will be suspended. Receivership proceedings were instituted by the International Paper Company, which claims the Herald Company is indebted to it to the amount of \$9,520 for news print paper sold between December 1, 1909, and May 12 of this year. The indebtedness of the publishing concern is somewhere in the neighborhood of \$2,200,000, of which \$1,085,000 is a bond issue put out several years ago.

The petition recites that the Herald Company is insolvent because of a "great diminution of its receipts following upon the business depression of the years 1907 and 1908, which particularly affected said company because of its large fixed charges resulting from the issue of bonds and an insufficient supply of working capital."

The receivers were authorized by the court to issue \$50,000 in certificates in order that the publication of the Herald can be continued.

The paper was established in 1847 by E. C. Bailey as an evening paper, and about 20 years later was consolidated with the Morning Times, edited by John H. Holmes, a morning issue being put out. Later the "Sunday edition was published.

AFTER THE MAINE.

John Arbuckle, of Brooklyn, said yesterday that he would bid for the contract for raising the battleship Maine in Havana harbor. Mr. Arbuckle showed his ability to float wrecks after the sinking of the warship Yankee. "I have recently been in communication with the acting secretary of war," he said, "and when he informs me that bids are open for the contract for the raising of the Maine we will be on hand. I have full faith that I can raise the wreck. I have explained my plans to several naval officers and they share my confidence. I have not told the War Department what my plans are or how much the work will cost, but I will hand in a bid at the proper time. I do not know that anyone else has been in communication with the War Department on this subject. No bids have been put in yet, as they have not been called for."
